

Business Phone Systems

Working in partnership with some of the world's leading telecommunications manufacturers, AHS Communications specialises in providing phone systems to businesses throughout the UK.

From basic two-user phone systems to multi-feature systems for corporate networks, our product range has been specifically chosen to serve the diverse needs of all types of business.

We can cater for home workers, roaming staff and multi-site operations.

We make it very simple for you to get up and running quickly - you could have a new phone system installed and ready to use within days.

Our systems can be as simple or as sophisticated as required and offer a full range of features including:

Least Cost Routing (LCR)

Direct Dialling Inward (DDI)

Computer Telephony Integration (CTI)

Call centre functionality

Integrated voicemail

Digitally Enhanced Cordless Telephony (DECT)
