

## Business Phone Lines

Getting the right telephone lines is crucial. That's why we go that bit further to offer you:

Ultra competitive call rates - this means you always know exactly how much you are paying for each call, with no minimum call charge!

One bill - All of your AHS communication and data charges formatted in one clear and informative bill with one amount payable on one due date.

UK helpdesk - When you call AHS, you are put straight through to our dedicated customer service team based in the United Kingdom, connecting you immediately with a real person with knowledge and experience.

Conference calling - No need to book, it is free with no contract. Up to 30 participants, priced per minute with no additional charges. Available 24 hours a day, 365 days a year. Ready when you need it.

What's more, as an independent service provider, AHS Communications works alongside major network carriers to supply ISDN, analogue and broadband lines. This means that AHS Communications customers can consolidate line rental and call charges, have one point of contact and one monthly bill.
